PLANS AND PROGRAMS STAFF WEEKLY REPORT FOR
PERIOD ENDING 7 SEPTEMBER 1983

1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period.

2. Items or Events of Major Interest that have Occurred
During the Preceding Week:

a. LIMS

(1) P&PS has completed initial efforts to update the Logistics System Objectives (LSO) document. Verification of these proposed changes will take place within the Project Manager's team. We are awaiting changes and updates as proposed by OF. Revisions to the LSO will occur within the formal guidelines of configuration control, using request for change (RFC) procedures.

STAT

(2) [redacted] supported the C/PMS in providing a briefing of automated systems to twelve officials of the Federal Emergency Management Agency (FEMA), 1 September. Specifically, these people were given an overview of LIMS and the Data Administration function. At the request of FEMA's Director of Business Applications Division, we are forwarding quality assurance documentation, as used in the LIMS project.

b. Regulations Revisions

The following regulations were written, reviewed, commented upon, concurred in, or published during the past week:
